VL has been fortunate enough to work with some awesome people! We have loyal and awakened followers who help bring us information, and we also have trusted insiders, whistleblowers and leakers who trust us enough to give us information, too. Today, we have an exclusive interview with a special DHS insider who has answered some critical questions we have on PizzaGate. Our insider prefers to call it **PedoGate** and what he told us blew our minds!

We are so fortunate that members of the Intel community like our work and feel they can trust us. We have been trying to get to the bottom of PizzaGate for months and the answers we got from our DHS insider stunned and shocked us. Here we go!

Q. So, in the Intelligence community, how chaotic is the atmosphere now?

A. In my 34 years of Governmental service, I have never seen anything like it. It's the bifurcation of the entire intelligence apparatus.

Q. It seems the intel community has it in for Trump – is this your feeling?

A. There are many Trump supporters within the FBI. The CIA, however, is against Trump because Trump threatens to ruin their game in the middle east.

Q. Can you elaborate?

A. CIA and Mossad work in tandem with British intel. The goal for the CIA was to replace Assad with a puppet and to topple Iran so we could access their oil. Israel works closely with it's "sister", Saudi Arabia, to help this dark cause.

Q. So it seems like the intel community has it in for Trump. How can he protect himself?

A. Trump has a tremendous opportunity here, but needs to circle wagons. The travel ban included 7 countries chosen by both Jared Kushner and Rudy. Why did it not include Saudi Arabia, or Pakistan, or Turkey or other countries that hate us? The seven nations mentioned were chosen by Israel, that's why. And the unspoken alliance of Israel and Saudi Arabia should be exposed. They are brother and sister. Jared Kushner needs to be careful with what he says and to whom. But, the biggest thing Trump can do is expose PedoGate via Sessions. Big names will go down hard, and it gets the blood suckers drained from the swamp. There are as many pedophiles on the Republican side as there is with democrats, but Trump is in a unique position to truly "clean up Dodge", so to speak. I can tell you that what is in Anthony Weiner's hard drive, and what videos exist via Jeffery Epstein, WILL BRING massive arrests – in time. Trump's legacy could be truly great if he was to purge the CIA, stop the extortion, prosecute the pedophiles and reinstate the death penalty for pedo's convicted a second time. Pedogate is his path to greatness.

Q. How does Russia fit into all this?

A. The CIA and Israel are responsible for the creation of Isis. Isis was created specifically to weaken Iran and destabilize Syria. It worked for awhile until Putin shored up Assad and bolstered Iranian Qud forces. The real reason you see such anti-Russian fever from both Schumer and McCain, Graham and Feinstein, is because the operation has blown up in our faces.

Q. Is Israel behind the anti Russian sentiment?

A. Yes. Israeli intelligence is furious with Trump, and will do anything to keep Trump from working with Putin. Understand that if Trump and Putin work together to defeat Isis, they are actually defeating a CIA/Mossad creation, and furthermore, Syria and Iran grow stronger, which the Saudis and the Israeli's fear. Their goal was to divide Syria and ultimately destroy Iran's regime. It is not just an oil grab, but a much bigger attempt at moving the chess pieces to allow Israel and Saudi Arabia to dominate the entire Middle East.

Q. So they demonize Putin and try to tarnish the Trump administration?

A. The Deep State is at war with both Trump and Putin. Understand that when Israeli intelligence hears “**America first**” from Trump, they go apeshit. Israel has bribed, extorted and intimidated our politicians for decades and suddenly this upstart billionaire threatens to ruin everything.

Q. You mention the word extort. Does that relate to Pizzagate?

A. PedoGate is only a modern term associated with a long history of Pedo-blackmail connected to both Israel and the Intel community. There is a full court press to stop PedoGate from being looked at because if people knew the true motives behind the pedophilia epidemic, they would do more than march on Washington. **They could actually seed a revolution**, with the spark coming from decent American parents who want to protect their kids. Our politicians are compromised. The senior analyst nicknamed “FBI Anon” alluded to this in his exchange with folks on 4chan and with you.

Q. What do you mean compromised?

A. Do you notice 2 central themes running through the MSM lately? Those themes are “*Fear the Russians*” and “*#PizzaGate is fake news*”. Both tropes come from the same place.

Q. Can you explain?

A. How do we exert power? Via fear. Do you ever wonder why both Democrats and Republicans fall all over themselves to kiss up to Israel? Odd, since Israel is the size of Rhode Island... The fact is, many of our politicians – on both sides – have been compromised by CIA and Mossad for years. It’s actually not admiration they are expressing for Israel, but fear. Notice Lindsay Graham and Chuck Schumer repeating the same salute when it comes to Israel. How does that even happen? The American people are finally seeing that there is no two-party system, but **one big shadow Government** pretending we have political dichotomy.

Q. So PedoGate is real and “they” have to get Americans to disbelieve it?

A. Let me explain how threatening PedoGate is... Who wins? Trump. Putin. Americans. Russians. The world.... *Who loses?* Israel, since they no longer can blackmail our politicians, the same goes for the CIA. *The Shadow Government loses*. But, the people win.

Q. Can you give me specific instances of politicians being compromised by Israel?

A. Sure. Lolita Island. Jeffery Epstein, a billionaire convicted of pedophilia received a soft sentence. His island was rigged with video recorders. Many politicians have been compromised. It was a Mossad/CIA operation. Contact ex-senior CIA CCS, Robert David Steele. Bob knows and has even spoken about this with numerous reporters.

Q. So an ex-CIA senior agent named Robert Steele is on record saying Epstein’s island was a honey trap to lure our most powerful politicians into a extortion scheme?

A. Yes. There are videos of some of the most powerful players in the most humiliating positions. If this gets out, not only are the politicians ruined, but the extortion game is over and suddenly, the influence CIA and Mossad wield over Washington, is gone.

Q. Wow ! Now its all making sense.

A. Yes. lets continue this conversation later.

The interview resumes

Q. So I checked out Robert David Steele, and he mentions Chuck Schumer being on Lolita Island. So does FBI anon. Is that why Schumer is targeting Trump's cabinet picks?

A. Connect the dots.

Q. How many other politicians have been secretly extorted?

A. One in three, roughly. It's not just the Island, its all of their activities. The reason #Pedogate terrifies the media, the CIA, the Israel Lobby, is because they are all part of this "shadow swamp"

Q. Former CIA agent, Robert Steele, says Mossad operated Lolita Island and CIA worked with them. That's treason on all levels.

A. Yes, and its espionage. Just as these leaks from the intel community regarding Flynn. I expect that at some later moment, Trump will leak some of these videos

Q. Wait. Trump has videos of politicians in 'delicate' situations?

A. No, But the Intel community has them, and Trump has strong support among certain players in the community. Trump has said he wants to "throw a spotlight on the cockroaches".

Q. But Trump just met with Netanyahu and pledged the usual unbreakable bond with Israel.

A. Theatre. Netanyahu is desperate to both play Trump into attacking Syria, and hate Putin, and to convince him PedoGate is a conspiracy theory.

Q. That is what Robert Steele says, as well. So, exposing the Pedophiles diminishes Israel's influence in American politics and also changes the map in a critical mass way?

A. The same media screaming "The Russians are coming" is the same media who says "Pizzagate is fake news" That's CIA and Mossad talking points.

Q. How do social media giants like Facebook and Google fit in?

A. Facebook and CIA are literally the same petri-dish. Google became a Deep State organ courtesy of Eric Schmidt.

Q. Getting back to the Pedo stuff, FBI anon said in July of last year, that the Clinton Foundation sold secrets to foreign nations. Did they also engage in PizzaGate?

A. There are videos of WJC that would destroy him. FBI anon leaked weeks ago, on purpose. There was a reason.

Q. Ok, FBI anon gave Schumers initials, and Barnet Frank and others, but so far we have only seen low level arrests.

A . FBI anon did a “bank shot”. That’s a pool hall term we use. Ask Bob about it. FBI Anon rattled their cages as other DHS and local authorities rounded up all sorts of street-level human traffickers. The big arrests will come in time, but first the small fish are interrogated, and provide information that leads to larger fish. FBI Anon was firing a shot across the bow, much like you shake a beehive to infuriate the bees. Notice how blatantly hostile McCain, Schumer, Graham, and others are? It was what we call a “**targeted trigger**”.

It worked. By long-kniving Flynn, they exposed their hand. Now, Trump has full executive powers to investigate the CIA and Mossad. Notice how there is sound and fury about “*Russian influence*” and utter silence on “*Mossad*” influence in our power structure?

When FBI anon leaked in early July, the whole idea was to expose the Clinton Foundation, and to hint at the sale of “people” i.e. Pedogate. Look back at his exchange on 4chan. He is a gifted analyst, and knows just what stone to throw at Goliath’s noggin. By triggering the shadow Government, he helps citizen journalists ask the right questions and follow the right breadcrumbs, not the rabbit holes the Elite scum want you to follow.

Now, PedoGate victims are speaking out on their experiences! You just had a story on some lady who went through having her family abused by California-Deep-State-sponsored terrorism. If folks knew that CPS in California is tied into a huge racket that kidnaps children from parents, they would realize just how sick this is. Foster homes, CPS, etc... all get **paid well to jail parents** and then **snatch their kids away**. These kids suffer abuse, and perpetuate the growing cancer called pedogate. Politicians who have pedophile tendencies are groomed for power, because they can be later extorted and controlled. Meanwhile, victims have no voice- *until now*. Suddenly, we have citizen journalism, and it will end up **saving the people**, in the end.

I have to go, but please contact Robert David Steele, the former CIA agent we discussed. I am sure he would appear on your channel. You are providing a real service to the people and we hope you will continue to speak up for the regular folks who are concerned, rightfully, as to the state of our nation. Take care

News from the inside:

The shadow government is real.

There are some good people on the inside.

Vault 7 refers to the FBI data vault containing information about the 7th floor group. This data vault is currently only accessible via direct personal access. It is literally a server room in a bomb/electromagnetic proof vault with zero outside access connections.

Global elites, The Bilderberg group, Zionist Elders, corporate entities, and banking entities comprise the bulk of the middle echelon. It is estimated that there are approximately 7 supervisor entities that pull the strings of the middle henchmen. We believe one is dead and two others have not been heard from since the election of Donald Trump.

They have gained control of the intelligence organizations, the media, and some politicians.

If they wage war on Trump then they wage war on the people.

You must start fighting.

This is a cyber war and an information war.

There are no rules. There is no parley. There are no prisoners. There are no innocents.

Win at all costs.

QUESTION: How'd wikileaks get airgapped materials?

ANSWER: >There are some good people on the inside.

=====
=====
=====

QUESTION: Do you have a single fact to back this up?

ANSWER: Not a one I'd never be involved in something like that~

Keep your eyes on the data dump sites. I presume things will tart to appear once it's scrubbed and verified. (as best as possible)

Save it. Put it on a thumb drive.

Things are going to get crazy soon.

QUESTION: This is from the FBI's own website, and a PDF they posted.

Is the server in Antarctica OP?

Thread theme.

ANSWER: It's in the Rockies. Colorado area.

QUESTION: Trump is literally a kike-loving Zionist

ANSWER: but are the Zionists trump-loving?

Of course they aren't. Please don't be that dense.

Backstabbing is what they do best.

Simply look into Zionist dealings with Hitler or JFK.

Hitler's gave them Israel.

JFK's gave them nuclear weapons.

What's next on the platter I wonder?

Hint: It involves Russia.

QUESTION: >Vault 7 refers to the FBI data vault containing information about the 7th floor group

Then why did Julian Assange show a picture of the actual Vault 7, which is a seed vault?

ANSWER: Because sometimes things are to be inferred instead of taken literally.

QUESTION: > like what's going to happen? Civil war?

> give us something concrete that happens on a specific day

ANSWER: If the plans of the shadow government come to fruition: World War with Russia.

It's being pushed very hard right now and they are trying to make Trump the Martyr.

If Clinton had won it would have been a smooth transition.

The initial plan was:

Escalation of civil disorder

Gradual disarmament of civilians

Displacement of existing civilian populations

Bogeyman Russian

War.

Divorce of the US and it's government

Deployment of Continuity of Government under benevolent guile

Revocation of rights and freedoms for the "good of the nation"

Conquest.

=====

=====

=====

QUESTION: >The initial plan was:

that seems a little far fetched

ANSWER: You're probably thinking too short term. This is maybe a one or two steps per generation thing, but it's been going on since Bill's first term.

Bill's reward: favorable economics during his servitude to the beast.

Trump really messed things up for them, big league.

QUESTION: 1) what did he mean by this? (Mr. McCullough testifying before Judiciary Committee)

<https://i.4cdn.org/wsg/1487207868645.webm>

2) what about depopulation, was that really part of the plan?

who put up the georgia guidestones?

ANSWER: 1) Nice catch. You're very clever.

2) ORCON mostly, plus see 1)

The world war is the depopulation program.

Look at how many people died in WWII.

Now with the technology we have today, the death toll would be immensely more.

QUESTION: >server room in a bomb/electromagnetic proof vault with zero outside access connections

How do they do hvac inside a sealed vault? The servers would overheat.

"They have outside connections to feed cool air to air conditioners and outside connections to remove hot air" - okay then it's not bomb/electromagnetic proof.

ANSWER: The room under it handles cooling. The server vault is in a mil base in the Colorado Rocky Mountains. It's underground.

Then again I don't recall saying it was air tight, but it does use positive pressure filtration I guess so it's semi air tight.

=====
=====

=====

A lot of you are really over thinking this server room thing.

It's an archive room with a server in it. One server and a few terminals. All of the data is dead (unpowered) until a request is made to move it. This makes the information impossible to access. The only active system is one hard drive that is an indexer.

You use the index to find the blade. it's then retrieved and you access it.

=====

=====

=====

QUESTION: Got any thoughts on the Federal Reserve and Trump?

ANSWER: Fed reserve has been laying low and saying nothing. They are part of the banking entities I mentioned in the OP.

Trump stumbled into this hornet's nest with good intentions and ambition to help people. He honestly loves the US with an intense passion.

I presume he's feeling pretty lonely as an outsider. Which is why he's been quieter than usual lately.

QUESTION: Is it, by any chance, the underground Cheyenne Mountain complex? aka NORAD?

ANSWER: Bingo

=====

=====

=====

QUESTION: The question is: who is using the other 70% of floor space, and who is the other 95% of staff?

ANSWER: It's not quite like that.

It's CoG run amok though.

They operate within the open government because of all the compartmentalization.

The good guys do the shadow government dirty work without even realizing it.

They've gotten very sloppy because of trump and it's starting to come undone.

This is why everything seems to be escalating so rapidly. They're trying to rush to the finish line.

=====
=====
=====

QUESTION: By finish line, you mean the next step of their plan--war with Russia?

ANSWER: Yes, that is the pivotal event. If that can happen so can the rest of the plan for conquest.

=====
=====
=====

QUESTION: >The world war is the depopulation program.

You gave yourself away here.

Only retards think anyone wants a nuclear war.

Even though it is true that there is a significant faction of the establishment that wants depopulation, they don't want a nuclear wasteland to be the spoils.

The depopulation plan is much more sophisticated than this and the only reason it hasn't been carried out is because the tech isn't complete for it yet.

ANSWER: You jump to conclusions. World War does not mean nuclear war.

Also nuclear arsenals today are less destructive but far more immediately lethal than depicted by the media.

They are basically high altitude gamma ray bursts and nothing like the bombs dropped on Japan. Those are considered primitive now.

=====
=====
=====

QUESTION: Fake and gay. Even if we concede your attempt to walk back, you are still talking about the grid going down and therefore reactor meltdowns across the globe and a poisoned undesirable planet.

You are, at best, very compartmentalized.

ANSWER: >You are, at best, very compartmentalized.

True. I only see the tip of the iceberg.

Red Box Class III G. mil guys will know what that means.

QUESTION: It's going to be hard. They literally have infinite money, not to mention government sanctioned drug running, arms dealing, and human trafficking.

They're taking advantage of the same disenfranchisement that led to Trump's victory to promote violent protests.

Thank god lefty protests are weak as fuck, but I'm genuinely worried about the first days of right wing riots. You know Damn well its going to be brutal.

ANSWER: All Mil and most of DoJ(mostly FBI) is on Trumps side

CIA NSA are severely compromised due to the Bushes. CIA Especially because of Bush Sr.

QUESTION: >Red Box Class III G. mil guys will know what that means.

I don't recognize this at all, at best it sounds like some kind of AIT-related weeb reference that only a specific MOS would understand, which really limits the number of people.

And considering my background, that means you weren't Army and if you were, this is a reference from Ft. Meade and not Ft. Huachuca sections of AIT.

QUESTION: This is LARP bullshit

The data on hard drives degrade over time , especially when powered down -> due to random electromagnetic noise you will get bits that flip over time and will corrupt data and make it useless -> you cannot simply 'store data dead until a request is made to move it' unless you store it on TAPE -> just ask google.

ANSWER: Microfiche, and that isn't stored here. I'm pretty sure it gets put in some warehouse similar to the one at the end of the Indiana Jones movie. I'm serious.
